Godliness Pays

Tradition would have us believe that if you are godly you lose. To win you have to be 'smart' and use your brains to go through life. According to Scriptures however, this is not true. Godly people never lose. Instead, they win in all things and at all the time. Yes, the godly man may experience some challenges on his way but he will always come out a winner in the end. This is because God is always with the godly not just in some things but in all things both in this world and in the world to come (1 Tim 4:8).

The compelling stories of godly men and women like Abraham, Joseph, Daniel, Job, Mary, Ruth, Dorcas, Mordecai and Moses among many prove beyond doubt that godliness indeed pays. Even modern history has taught us that the best examples of world changers are the godly people.

Unfortunately, this truth is not obvious to all even in the household of faith. While some believe that God has done everything and we don't have to do anything, others believe that you have to do everything yourself and leave God out of the equation. Even among those who stand on godly grounds, many are pressured by short term challenges to give up long term gains. The missing link is that many equate righteousness (God's gift) with godliness (man's responsibility). While righteousness is complete in Christ, godliness requires training to be effective.

Good news is, God has provided us with the resources we need to train ourselves in godliness. What's more, this is the very reason Christ came into the world. Therefore as we prepare for Christmas and the new year, let us take advantage of the spiritual resources that God has provided us and train ourselves to be godly in all things because we know that godliness is profitable in all things. Jesus is LORD
