1- Let me be like you, In your love and life
For my world to know, That you live in me
Everywhere I go, Everything I do
Let my world see you, When they see me Lord
Every move I make, Every word I speak
Let my world hear you, When they hear me Lord

2—Let me be like you, In your truth and light
As I travel on, Thru this world each day
Everything I am, Everything I'll be
Give them all to you, Shine your light thru me
Everything I have, Everything I need
Give them all to you, Show someone the way.

3— Let me be like you, In your healing power
To extend your love, To the broken hearts
Lay your hand on me, Let me be your hand
Pour your Spirit on me, Set the captives free
Lay your hand on me, Let me be your voice
Speak thru me dear Lord, Heal this broken world

4— Let me be like you, Everything you are
To restore your life, To the hopeless hearts
Everywhere I go, Everything I do
Let me be your light, In the darkest night
Every move I make, Every word I speak
Let my whole world know, That you live in me.

5— Let me be like you, In your righteousness
All my days on earth, Till I see your face
As I travel on, Through this earthly road
Take my hand dear Lord, Let me walk with you
Everywhere I go, Everything I do
Till I see your face, And we part no more

Repeat

Everywhere I go, Everything I do
Let my world see you, When they see me Lord
Everything I am, Every I'll be
Let my whole world know, That you live in me
